

The £2 Christmas dinner (made using just a toaster and a microwave)

Who says you need bags of money and a whole day to cook a great roast? An alternative cheapest-ever Christmas dinner recipe has been created by student money-saving website, studentbeans.com.

The alternative Christmas dinner costs just £2 per head, can be ready in minutes and is made using just a toaster and a microwave.

Oliver Brann, editor of studentbeans.com, says, *“Following on from the austerity sandwich, why should those lacking in finance and technical know-how miss out on a Christmas dinner with friends? For less than £2 a head and taking just ten minutes to prepare, you can knock up a meal fit for a king (or at least a flat full of poor, hungry students)! We gave ours to a homeless man near Beans HQ and he thought it was delicious.”*
